

Chronicles of a Traveling RN

Joshua Hetzel, RN

Volume 2.1

January, 2016

Prayer & Praise

- Praise for the Lord's continued provision in bringing new monthly financial partners
- Pray for my next training in Waxhaw, NC in Jan.

He stood at the door of the plane, about to make a jump as a paratrooper in the Pacific during World War II. He was nervous and a little scared, until he heard the Lord's voice say, "Lo, I am with you always."

That man was my Grandfather. Gramps was a freedom fighter—first in the Pacific during WWII, then as a pastor and proclaimer of the freedom and hope Christ brings. Gramps began his fight for freedom in Papua New Guinea and continued this fight after the war in the United States.

Just as with Gramps, I have heard the Lord's comforting voice as I take a similar leap this year. I will be serving as an RN at the [Ukarumpa Medical Clinic](#) in Papua New Guinea (PNG). Click the link above to see a short video of where & with whom I will be serving.

Gramps in WWII

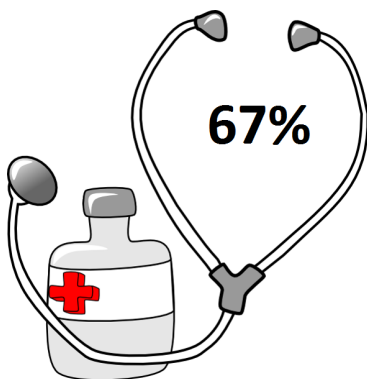

I will serve on a team of 4 doctors, 2 dentists, a nurse practitioner, & a handful of nurses and other clinic staff. This team will help keep the 500-600 people, who live on and around Ukarumpa Bible translation center, healthy. Medical care allows for the ongoing work of Bible translation to continue.

The next step toward getting to Ukarumpa, PNG will be to attend an Intercultural Communications Course (ICC) in Waxhaw, North Carolina. ICC is a 4 1/2 week course that will equip me with growing skills for spiritual vitality, multi-cultural sensitivity, and relational maturity.

Target TimeLine

- Jan 20—Feb 20, 2016: Attend ICC Training in Waxhaw, NC.
- July 2016: Serve in Papua New Guinea.*

* Contingent on meeting my financial partnership requirements by deadline date.

I now have 67% of pledged financial partnership for my Wycliffe ministry. Wycliffe requires me to have 100% before I will be released to begin serving in Papua New Guinea. **Will you pledge monthly financial partnership with my Wycliffe ministry to help reach this goal?**
