

From Sunday Morning to Daily Living: Liturgy and Discipleship at SAC (Session 1)

What is discipleship all about?

Being a follower and learner

Not trying harder, but surrender and trust

Definition: *the transformation and reorientation that takes place as we daily follow Jesus and invite others to do the same.*

What is a disciple-making community?

Not consuming Jesus – but a way of life

Intentional process

The words, works and ways of Jesus

What is Liturgy all about?

People's participation in the work of God

Because we are all worshippers, we all live liturgically

Our daily, ordinary rhythms can be informed by the Gospel story

Looking Ahead

Invitation for Participation

If someone evaluated my habits and practices – the way I made decisions and lived life on a daily basis – who would they say I want to be like?

How is Jesus inviting me to follow him in obedience today?
